Parthiena

Schoharie
Gladiolus Gardens

M. W. Hitchcock

SCHOHARIE, NEW YORK

1949 Introduction

Parthiena

A distinctive and attractive gladiolus in the giant class of a deep lavender shade. Its parentage is absolutely unknown as the seed was purchased in a package of unknown crosses. The color fuses into a deeper shade in the throat and to the edges of the petals, which are slightly frilled, ruffled and somewhat needle pointed. Parthiena opens 6-8 florets, measuring 5½ inches to 7 inches on a 23-inch to 24-inch flowerhead of 19 to 20 buds, 6-8 showing color and 6-8 in tight bud, average field height 50 inches. It is a ninety day glad and seldom crooks or flecks, and so far seems to be disease resistant, propagating heavily and germinating about 90%. In 1947 Parthiena received A- rating at Binghamton, N. Y., and scored 81 at Michigan State Trial Grounds. In 1948 won American Home Achievement Award and Vase Section Champion at Binghamton. It has received six A ratings as a seedling at Binghamton, Peekskill, Hartford, Springfield, Harve de Grace, and Solon, Ohio.

\$2.00 per bulb, any size

No bulblets this year. Growers' Units on request.

Special Collections

No. 1 Unlabeled Collection: 100 assorted large and medium bulbs, containing at least 25 varieties of listed gladiolus and not seedling discards or old stock, for **\$5.00**, and 50 bulbs at same rate. If you order a full collection we will include free one large bulb of some labeled variety worth \$1.00.

No. 2 Unlabeled Collection: Same collection in medium and small bulbs, for **\$3.00**, and 50 bulbs at same rate. If you order a full collection we will include free one large bulb of some labeled variety worth 50c.

Guarantee

All stock has been grown in our own gardens and certified by The New York State Department of Farms and Markets to be free of all disease and injurious insects. All stock is therefore guaranteed to be clean, healthy and true to name. Kindly open and inspect your order of bulbs as soon as received, making any complaints at once, and we will make satisfactory adjustment or refund. Due to soil condition and culture, which vary, we cannot guarantee bulb growth or bulblet germination. Cultural directions are included with each shipment and if these are followed you should have success.

Terms

Please send check or money order with your order. Do not send orders for C.O.D. shipment. A receipt will be sent you at once and bulbs will be shipped in the spring, after danger of frost is over, by prepaid parcel post. Each order will be filled in sequence as received by us and subject to prior sale. No substitutions of stock or size will be made unless authorized on order blank. All orders of less than \$2.50 will be filled in bulk and not by labeled variety, and all orders of \$2.50 or more will be labeled as to variety, with the exception of unlabeled collections. You may order 10 bulbs of the same kind and size at 8 times the single rate. For example, Aladdin bulbs are listed at 2 large bulbs for 25c, and you may order 10 large bulbs for \$1.00, or 5 large bulbs for 50c. We give liberal extras on all orders and of course the amount depends on size of order. If you care to give us any indication of what you would like, make a notation on the order. The stock of many varieties is limited so if you wish to be sure of getting what you want, get your order in early. Bulb sizes: large measure in diameter 1 1/4 inch up, medium from 3/4-inch to 1 1/4 inch, small from 3/4-inch down. We are not listing bulblets this year but if anyone desires them we can furnish them at 25c per package, quantity to vary with price of the variety. However, we will give you good value.
